ACCOMMODATION FOR INDIVIDUALS COMING TO INDIA ON LEAVE OR CONVALESCENCE FROM OVERSEAS.

---

SIR,

I am directed to say that a proposal to give all possible assistance to officers and other ranks who may proceed to India next year from various theatres of operations on leave or to convalesce is engaging the attention of the Government of India, and one of the problems is to provide suitable accommodation in suitable localities, i.e., chiefly in the hills and near the sea. His Excellency the Crown Representative feels that Rulers, who happen to possess suitable houses in such places, may wish to assist in this problem of accommodation by placing certain of their houses at the disposal of the Government of India. I am therefore to enquire (1) whether there are any houses belonging to His Highness the Maharaja or the Government of Mysore in the Hills or Bombay or Karachi or in the Mysore State which might be suitable for use as convalescent hospitals or as accommodation for officers and nursing sisters on leave, (2) whether they would be prepared to lend the houses for the purpose; and, if so, (3) what accommodation is available in each house and the extent to which it is furnished. Any other information which might be useful in reaching a decision whether the accommodation is suitable for the purpose in view would be most welcome.

2. A very early reply will be greatly appreciated.

I have the honour to be,
Sir,

With reference to your letter No.F.115-40/W dated the 7th November 1940, I am directed to state that it is very much regretted that no suitable houses belonging to His Highness the Maharaja or the Government of Mysore are available answering the requirements mentioned in your letter and possessing the conveniences necessary for use as convalescent hospitals or as accommodation for officers and nursing sisters on leave, which could be placed at the disposal of the Government of India.

There are some buildings belonging to the State at Fernhill (Nilgiris) one at Bombay and some at Madras, but these are so few that they are all reserved for the personal use of His Highness the Maharaja and staff and are not available to others. A few others located on hills in the interior are not easily accessible and do not possess adequate facilities in respect of water and lighting and the obtaining of necessary supplies needed for the continued stay of a large party.

With reference to your letter No.1462 dated 12th March 1941, re accommodation available at Kemmangundi, I furnish --- herewith plans of the different buildings existing there. There are only four buildings intended for the use of officers, - - - containing in all eleven bed rooms (10' x 10') with a bath room attached to each. The other buildings each are all meant for - - - different purposes, such as, kitchens, stores, office, etc., and there are also a few more living rooms which are meant for the use of officials. There is also a motor garage capable of accommodating about ten cars.

Water supply for these quarters has been arranged by means of gravitation from a jungle stream closeby, only - - - - unfiltered water being available. But this water is generally found to be pure and the supply is adequate for the ordinary -- camp use.

The buildings are all constructed of thin brick walls with zinc sheet roofing and during summer are provided with a temporary thatch roof at a height of about 2 feet above the --- zinc sheets to make the rooms cool and fit for occupation. Owing to the heavy and continuous rainfall for about three ---- months during monsoons the total amount of which goes up to about 200 inches a year, it will not be possible to occupy these buildings during the rainy season.

The building known as Dattatri Bhavan is used by - - - - His Highness and there is an idea of reserving this building -- along with its out-houses solely for His Highness' use.
